

EARLY STREAMER EMISSION (ESE) LIGHTNING PROTECTION SYSTEM
Made in Turkey

PROTART ESE lightning protection system can protect the structure and personnel from the risks of direct lightning strikes.

**PROTART-60 ESE LIGHTNING
CONDUCTOR**

PROTART 60 ESE lightning conductor is manufactured from high quality stainless steel which makes it durable against the toughest weather conditions.

TECHNICAL SPECIFICATIONS

Early Streamer Emission terminal releases positive ions in to the atmosphere which attracts the lightning emissions.

- Stainless steel with superior quality to avoid corrosion
- No battery or external energy required
- Suitable for any weather condition

ANALOGUE LIGHTNING STRIKE COUNTER

TECHNICAL SPECIFICATIONS

- Simple assembly
- IP68 rated enclosure
- 6 digit analog counter (Non-Resetable)
- Test function (external battery required)
- Detection currents from 1 to 100 kA
- It is not subject to an external power supply
